

term, we will be reading Aesop's Fables by Michael Rosen. We will be using this as a basis structure of a fable so we can innovate and write our own.

We will also be reading Malala's Magic Pencil By Malala Yusefza. We will use our imaginations to decide what we would create to make the world a better place if we had a magic pencil. We will then write a biography of Malala.

## Curriculum Web Autumn 1

*Welcome to the Autumn Term in Year 3! We have an exciting few months ahead that promise to enrich our learning with a variety of activities and experiences.*

### History

As historians, this half term, children will learn about the expansion of Preston in the 19<sup>th</sup> century and the consequences of this. We will be learning about why people migrated from rural Lancashire to Preston. We will put a particular focus on the growth of the cotton industry and its impact on Preston and the wider world.

### Computing

This term in computing, children will be thinking about different types of computer system along with what a network is. We will also be considering our image and online identity as well as doing a refresher on discovery coding.

### PSHE

This half term, year 3 will be thinking about and discussing different families and relationships. We will be thinking about how to have positive relationships with the people around us.

### M.F.L

In French this term, we will be looking at the beginning phonetic sounds in French to support our reading of the language.

### R.E

In RE this term, we will be focused on Christianity and how people serve God. We will discuss how the prophets served to God.

### Curriculum Enrichment:

During this half term, we will be enjoying swimming lessons. To enrich our history topic, we will be visiting Avenham and Miller Parks; and Winkley Square.

We will also enjoy reading Malala's Magic Pencil. This will inspire us writing a biography of Malala Yusefza.

Unit 2 – length and perimeter

Unit 3 – statistics

Unit 4 – addition and subtraction

### Science

As scientists, this half term, we will be focusing on animals including humans. We will learn that animals including humans need skeletons and muscles for support and movement. We will be sorting and categorising animals depending on their skeleton type.

### P.E

Invasion games – basketball skills

Autumn 1 will be our term to go swimming!
