

13/09/24

Hi. Just a quick round up of our first week. In maths we have looked at the number 1. We have drawn it and found 1 in the provision. We have compared it to the number 2 so we can identify 1 as a solo number. We have sung lots of nursery rhymes, listened really well in phonics for our sound games and listened to different stories. We have been in the provision (classroom areas) and explored well. Just a few reminders please: Books- please send your books in, we change them on a Monday, Wednesday and Friday. Please sign the diary to show that you have read with your child. If it isn't signed, it won't be changed unfortunately, this is a whole school approach. Please try and order your child's lunch at home and talk about what you have ordered with them, so they are aware. Please make sure earrings are a small plain stud and not worn on PE days - Tuesday and Thursday. Have a great weekend :)

Thank you

Miss Till and Mrs Procter
