

Phonics

20/09/24

Hello all Just a quick update on our week. We have been continuing our all about families- we have drawn and made your families so the children can talk about you. We have been listening to the first (initial) sounds of objects e.g. cat = c c c sound dog = d d d sound. In maths, we have been looking at the number 2. We have been writing, making and finding 2 in the provision. Next week on Tuesday, there is a phonics meeting after school. This is to explain phonics, the terminology, how we deliver it and how you can help the children. If you can't attend, the slides will be put on the school website. Also, if you have any cardboard cylinders e.g. toilet roll, kitchen roll please can you bring them in on Monday. We will be making telescopes to enhance our story.

Have a great weekend.

EYFS team.
